RELEVANT EXPERIENCE

Master of Science in Fintech **May 2027**

Building and testing trading models, drawing on computational methods and investment analysis

- **FinTech Data Scientist** – fraud detection, credit scoring, customer analytics; the AI for FinTech course is the anchor.
- **Machine Learning Engineer (Financial Services)** – deploying ML models into production at banks, insurers, or startups.
- **Risk Analyst / Model Risk Analyst** – validating models and managing credit, market, and operational risk.
- **Credit Risk / Underwriting Analyst** – increasingly ML-driven at digital lenders.

UCF College of Sciences **July 2023 – Present**

Budget Analyst II

- Manage multi-million dollar budgets across five divisions by preparing, loading, and updating budgets, ensuring optimal allocation of resources and timely adjustments.
- Create templates to forecast divisional revenue and expenditure trends, enabling proactive cost control and strategic financial planning.
- Develop and implement budgets within ERP/budgeting systems, applying data-driven adjustments.
- Monitor budget vs. actual variances and if needed investigate and correct discrepancies to maintain financial accuracy.
- Reassign unallocated transfers to proper revenue or expense categories, ensuring precise account classification.
- Create specialized financial reports and insights to support leadership decision-making.
- Conduct account reconciliations to validate the accuracy of transactions and financial balances.
- Prepare payroll cost allocations, correct funding discrepancies, and ensure alignment with funding policies.
- Conduct thorough reviews and reconciliations of budgets and all expense lines to ensure completeness.
- Compile monthly, quarterly, and annual financial summaries, covering budgets, expenses, cash flow, and auxiliary activities.

Lou Frey Institute **August 2014 – June 2022**

Coordinator of Accounting

- Assist Director of the Florida Joint Center for Citizenship with daily operations.
- Oversee all aspects of financial and budget planning, analysis, and forecasting.
- Research Administrator overseeing Post-Award budget management for all grants.
- Coordinate all aspects of purchasing such as vendor payments, supplies, third party contracts.
- Maintain programming and event budgets.
- Manage all financial accounts – several million in assets.
- Gather and compile financial data for monthly, quarterly, and annual reports.
- Manage procurement credit card for the Center and reconciling disputes over charges.
